MEMORANDUM FOR: See Distribution

VIA: Chief, Legislative Liaison Division 

FROM: Chief, House Liaison, Legislative Liaison Division

SUBJECT: Follow-Up Items to Wilson-Terpil Hearings

1. Review of my notes from Subject hearing which took place on Tuesday, 2 February, reveals the following items which we agreed to provide the Committee:

-- Representative Mazzoli (D., KY):

a. asked about the details of the alleged "audit" on the Wilson proprietary; who spotted the problem; why was dissolution initially rejected and subsequently approved;

b. listed five specific areas of concern that he'd like to see the General Counsel consider in crafting any legislative remedies;

-- Representative Hamilton (D., IN) was concerned with the crafting of legislative remedies, noting that the Agency was not proposing any new law. After the General Counsel explained some of the problems associated with statutory remedies and mentioned the "registration" remedy under discussion, the DCI volunteered that the Agency would provide Mr. Hamilton with a paper describing the types of remedies we have in mind;

-- Representative Boland (D., MA) requested a "job description" of the IG's office and asked what limits are placed on the IG to perform independent investigations. Additionally, the Chairman noted that a number of questions for the record re Ted Schackley would be submitted for responses. Staff Director Latimer indicates that these questions will not be forthcoming until after the Committee has had a chance to review the transcript.

2. Even though we are on record to provide answers to these questions, we should not submit any responses until we have had the opportunity to review the official transcript of the hearing. The Committee advises that the transcript will not be available before 10 February. Upon receipt of the transcript this office will circulate relevant portions thereof for response by appropriate Agency components.
